

A number for your business communications

You can also choose a separate number for your business communications. This recommendation is independent of your insurance.

Three things to plan

1. Choose the number for everyday conversations with clients and suppliers.
2. Tell your broker which contact details to use for your file.
3. Keep the emergency and claims numbers provided by your insurer. **WIGGWIGG** does not replace those services or your broker's advice.

WIGGWIGG lets you choose a phone number for your business, separate from your personal number. You manage the service directly with **WIGGWIGG**.

Before choosing your number

- Phone services require confirmation of a Canadian province or territory of residence.
- You can use **WIGGWIGG** in a browser. Visit the apps page for current mobile options.
- Porting an existing number into **WIGGWIGG** is not available yet.

Early Access is a real, paid service, but a product under construction: core features can break, screens change without waiting for a new version, and an announced feature can be pulled while it is rebuilt.
