

A number to launch your practice

Choose the number you want to make public for your practice from the start.

Three things to plan

1. Choose the number for your email signature and appointment confirmations.
2. Let clients know when and how to reach you, in a way that fits your work.
3. Make a test call before your first professional conversation.

WIGGWIGG lets you choose a phone number for your business, separate from your personal number. You manage the service directly with **WIGGWIGG**.

Before choosing your number

- Phone services require confirmation of a Canadian province or territory of residence.
- You can use **WIGGWIGG** in a browser. Visit the apps page for current mobile options.
- Porting an existing number into **WIGGWIGG** is not available yet.

Early Access is a real, paid service, but a product under construction: core features can break, screens change without waiting for a new version, and an announced feature can be pulled while it is rebuilt.
